## **Global Supply Of Assets Beyond Critical Mass**

#### **Direct Lending Market Share**

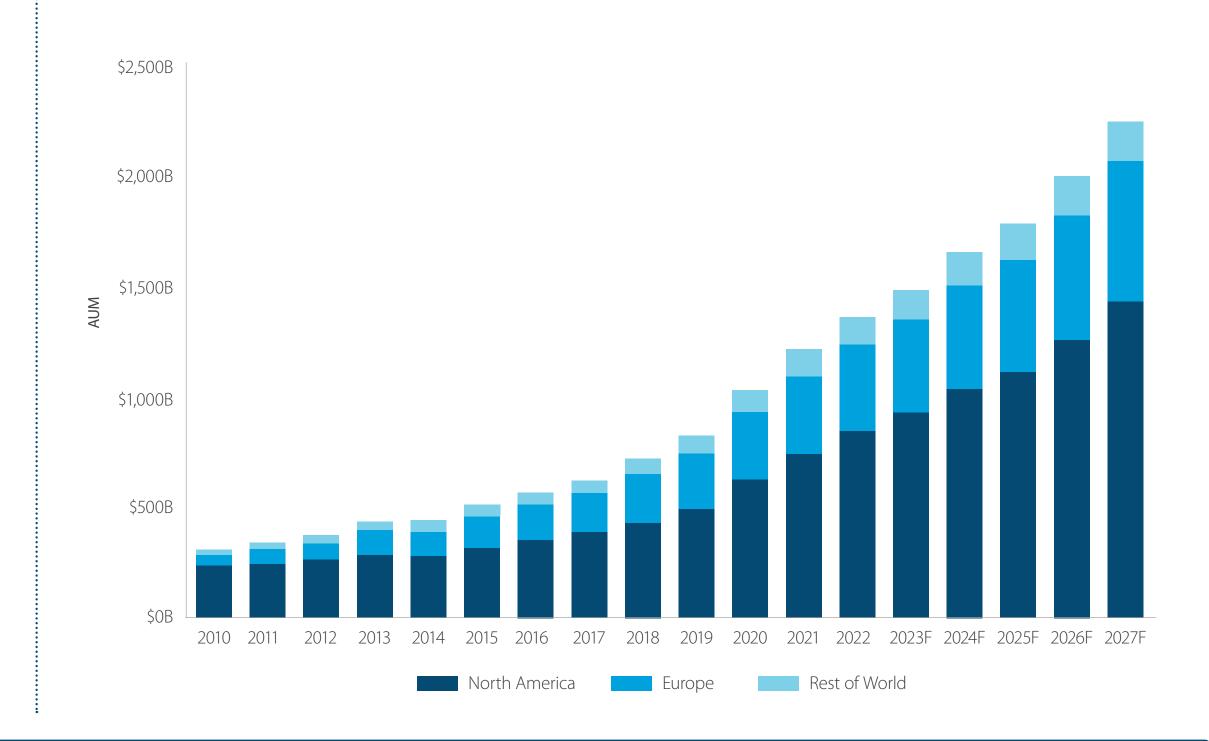

Historically, direct loans were provided by banks and occasionally finance companies. Regulatory reform and industry consolidation have pushed banks from this market. Bank absence contributes to capital scarcity and enhances investor opportunity.

#### **Direct Lending Market Growth**

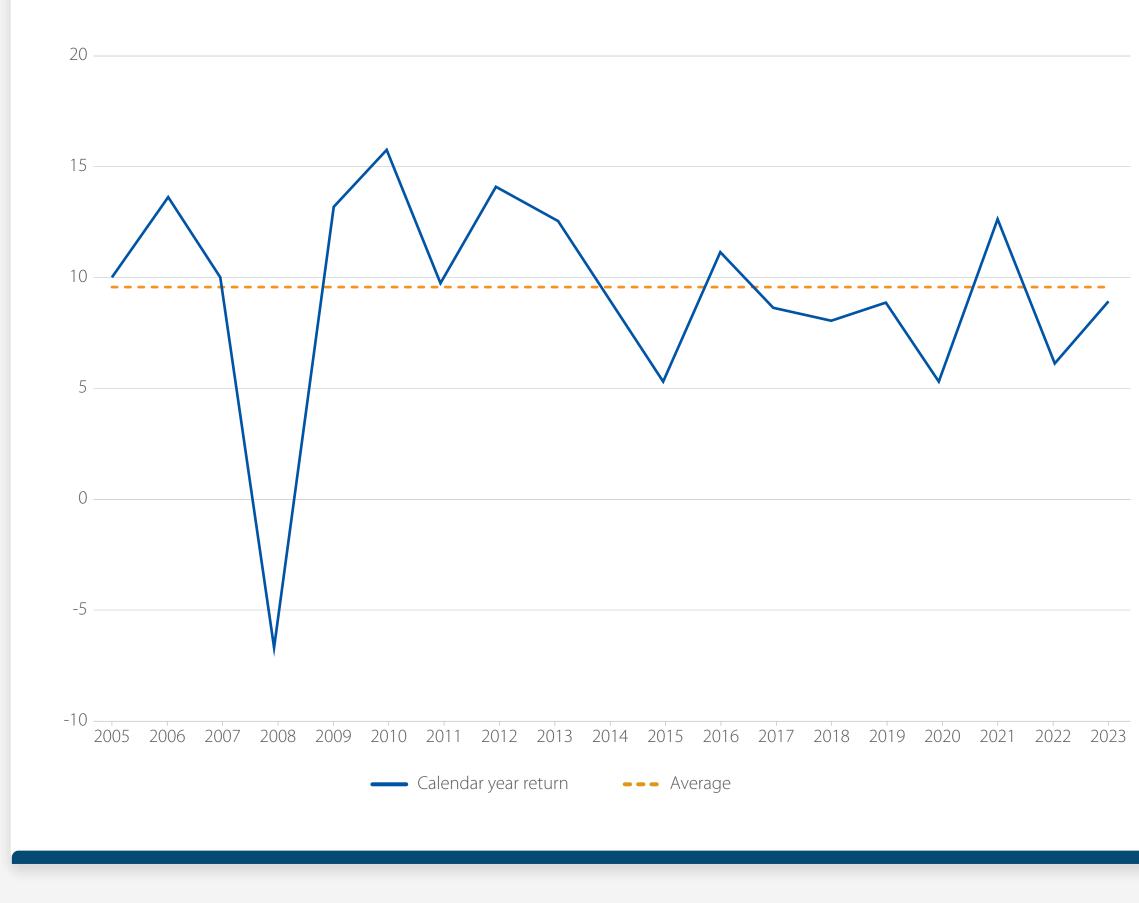

Driven by strong investor demand and solid performance, private debt is expected to grow through 2027.

### \*The rate of return on your investment is current at 1 February 2023. The rate of return is reviewed and determined monthly and may increase or decrease each month. The applicable distribution for any given month is paid at the start of the following month. The rate of return is not guaranteed and is determined by the future revenue of the Credit Fund and may be lower than expected.

#We will make **every endeavour** to release your funds 2 business days for the Classic Notice Account, 90 days for the 90 Day Notice Account and 180 days for the 6 Month Notice Account, after receiving your redemption request. We however have 12 months under the Fund's Constitution to honour that request. In determining whether to honour your redemption request within 2 business days for the Classic Notice Account, 90 days for the 90 Day Notice Account or 180 days for the 6 Month Notice Account or 180 days for the 6 Month Notice Account we have to have regard to the Fund's cash position and the best interests of all investors. **There is a risk that a redemption request will not be honoured within 2 business days, 90 days or 180 days.** However, there has never been a case in the history of the Fund when we have not honoured a redemption request on time due to a lack of liquidity.
